The Honor Flag

Every Country or Commun-ity can win the right to fly the Flag shown above, by over-subscribing their quota to the Third Liberty Loan.

Doubt may arise in the minds of some people as to whether a flag can be won by a county only, or by a particular community. The feeling of the Government about the matter is that where a town or city is large enough to have a separate quota assigned to it, that city or town can have an Honor Flag for itself. For instance, the County Executive Committee will assign a separate quota for Denison and Sherman in Grayson County, Texas. This illustration will give some idea of how the matter will be ar-ranged. The rules governing the question of what communities shall have the right to earn and fly an Honor Flag must necessarily be somewhat elastic. You may be sure of one thing: You may be sure of one thing:
that wherever a community determines to go "Over the Top"
with the Third Liberty Loan,
provision will be made by the
Federal Reserve Bank, as
agent for the Government, for
recognition of the patriotism of
that community by awarding
an Honor Flag.

that community by awarding an Honor Flag.

The Honor Flag measures 36x54 inches. It has a red bor-der and a white center, and three vertical blue stripes. As an additional Honor emblem, a blue star, to be sewn into the white field of the Flag, will be awarded to communities every time they increase their quotas by a hundred per cent. In other words, if a town's quota is \$100,000, it will be entitled to an Honor Flag when its subscriptions reach this amount and when the subscriptions reach \$200,000 it will be en-

titled to one blue star. Every bank will be supplied with window cards 7x9 inches, which will show a reproduction of the Honor Flag, and have a space for the subscribers name. The subscriber will write his name on the window card and display it in his residence or at his place of business.

The raising of the Honor Flag in any community, should be made the occasion of a great patriotic demonstration, and be made one of the greatest events in the life of the community.

In many communities there will be used in connection with the Honor Flag system, the "Honor Roll." This will give a list of the names of subscrib-ers to the Third Liberty Loan. The list will be placed in the most prominent position in town, outside of the Liberty most , prominent Loan headquarters, or possibly the postoffice in smaller com-munities, and the list will be added to frequently and kept up to date. Every man who values his self-respect and the opinion of his neighbors will want to have his name appear on the Honor Roll.

There is not a single county in the whole of the Eleventh Federal Reserve District, or a single city or town large enough to be given a separate quota, that will not earn the right to fly this Flag eventually.

The one question before the people in any community is whether they will at ones spring to the aid of their country, or whether they will wait and come in at the last mo-

The value of service depends largely upon its promptness. What kind of service is your community going to render to the Government—a quick, will-ing one, or a grudging one? Your whole community has

been enlisted in the army of the United States that is to win this war. Be good soldiers—obey orders promptly. Your orders are "Over the Top, Civilians! Over the Top With the Liberty Loan."

based on many years of selling shoes, is that a good shoe gives far more satisfaction, dollar for dollar, than a like amount expended for cheaper shoes.

Some men buy shoes at a lower cost than a pair of Florsheims and think they are making a saving - they really pay more in the end and get less.

The true measure of value is not the price per pair, but the number of day's wear and
